Building a Resilient Organization. ORS | 1 Message from the Director This is an extraordinary time of challenge, change and evolving expectations. The past is no longer an acceptable prediction of the future. Technology is changing the way we do just about everythingâ€”how we work and how we communicate. Data and information abound and are easy to access and acquire, but difficult to decipher for meaningful decision-making. Our workforce demographics are shifting dramatically and the ...

resilience that build Business-as-Usual (BAU) effectiveness to enable a robust and agile response to, and

recovery from, adverse events. These attributes can be applied to any aspect of organisational capability development and if promoted and developed within an organisation, it will thrive. Behavioural indicators are used to determine how your organisation demonstrates the organisational resilience attributes. The 13 resilience indicators, grouped under the overarching attributes, expand ...
