

community and public health pdf

The Los Angeles County Department of Public Health works to protect and improve health and well-being in the largest county in the U.S. Nationally accredited by the Public Health Accreditation Board, Public Health serves over 10 million residents and millions of travelers each year.

Department of Public Health

Public health is "the science and art of preventing disease, prolonging life and promoting human health through organized efforts and informed choices of society, organizations, public and private, communities and individuals". Analyzing the health of a population and the threats is the basis for public health. The "public" in question can be as small as a handful of people, an entire village or it can be as large as several continents, in the case of a pandemic.
